Gujarat State Balkanji Bari	Celebrate Children's Day with NGO's children	2023-09-14	10:00:00	Gujarat State Balkanji Bari,Near Session Court,Treasury Office Compound, Lal Darwaja, Ahmedabad, Gujarat 380001	<p>Gujarat State Balkanji Bari conducted a sensitisation and awareness programme and at the same time, provided platforms to the children to share their problems as well as their views to resolve different social evils. Besides, these underprivileged and deprived children were also taken on a fun-filled trip. Initially, Gujarat State Balkanji Bari felt that it would not be able to organise the programme due to lack of resources and financial assistance but with some Good Samaritans joining the cause and coming forward to assist the organisation to celebrate the Day, Gujarat State Balkanji Bari could finally implement the ideas. During these five days, hundreds of underprivileged children participated and had a very good time interacting with the guests and participating in cultural activities and other different games.</p>		 
Gujarat State Balkanji Bari	Diwali Celebration at Child Orphanage	2022-11-03	19:00:00	Gujarat State Balkanji Bari,Near Session Court,Treasury Office Compound, Lal Darwaja, Ahmedabad, Gujarat 380001	<p>Like other festivals and events, the children were made to understand the origin behind the start of this Festival of Lights, its meaning and significance which is to move from darkness to light and spread and share the light of wisdom, love, peace and prosperity with each other to make a better society. The children, with the help of their volunteer Didi's very enthusiastically take part in the preparations of the festival. They put up the traditional Lantern which is self made by them, they also make beautiful and colourful rangoli which looks like the eye catching imprint of an artist and are decorated with diyas, candles and flowers. With the onset of darkness as soon as we all light up the diyas and candles, the whole place comes alive not only with the brightness of the diyas or string of colourful lights all around but also with the energy of the children. Sweets, candies and sparklers are distributed to them and sharing the immense joy that their face radiates is a sight to behold. Together, everyone celebrates the occasion lighting up anar, charkhi and phuljhari with a wholesome experience as these little angels help us realize the joy of sharing, the need to be grateful and the real essence of the festival of Deepawali.</p>

Various NGO Types for Donation	Make a difference in the world by supporting different types of NGOs! From environmental conservation to education initiatives, each organization plays a vital role in creating a better future for all. Let's come together and make a positive impact through our donations. It's not just about giving, it's about creating a ripple effect of change.		
Why donation is important for everyone?	To make the world a better place for everyone, we all need to play our part in whatever way we can. Maybe that's through volunteering your time or skills for a cause you care about, or perhaps it's something as simple as being kind to strangers you meet in your day-to-day life. But you can also help make a difference by donating what you can to charity too. You might be thinking, why donate to donate? While we like to believe we can make a difference on our own, sometimes we can do more together. The way donation are structured lets them use money raised to directly help people who need it on a larger scale than we can as individuals. And if you have any concerns about how money you donate is used, you can always look at a donation's annual report to get reassurance that donations made to the donation are actively helping their beneficiaries.		
Why Donation is Important for NGO ?	"Making a difference doesn't always require grand gestures, sometimes a simple act of donation can create a ripple effect of change. As we all know, NGOs play a crucial role in addressing social issues and making our world a better place. By donating to these organizations, we are not just giving money, but also hope, resources, and support to those in need. Together, we can be the driving force of positive change and make a lasting impact. So let's open our hearts and wallets to support the incredible work of NGOs. Because when we give, we not only make a difference in someone else's life, but also in our own. #DonationIsKey #NGOsMatter #BeTheChange #SpreadHope"		
Why should you donate to the education of impoverished children?	As a keystone of human development and progress, education has long been recognized as an essential element in cultivating the skills, knowledge, and critical thinking abilities necessary for individuals to thrive in the ever-changing world we inhabit. It is a fundamental human right, yet many children around the world are deprived of access to basic education. In fact, according to the ASER (Rural) report during the pandemic, children (aged 6-14 years) who are not currently enrolled in schools increased from 2.5 percent in 2018 to 4.6 percent in 2021. Underprivileged children lose their ability to have a normal childhood. They aren't capable of developing emotionally, physically, and socially. Moreover, research has shown that they are more likely to be depressed, have low self-esteem, not receive an education, and suffer from a lack of sleep and bad nutrition. As these children grow up, they are less likely to positively contribute to society since they might not be able to hold a stable and well-paying job. Instead of working, they are more likely to partake in crime and fall victim to the criminal justice system. This is where education donation comes in, as it can help provide underprivileged children with the opportunity to learn and grow.

Like other festivals and events, the children were made to understand the origin behind the start of this Festival of Lights, its meaning and significance which is to move from darkness to light and spread and share the light of wisdom, love, peace and prosperity with each other to make a better society. The children, with the help of their volunteer Didi's very enthusiastically take part in the preparations of the festival. They put up the traditional Lantern which is self made by them, they also make beautiful and colourful rangoli which looks like the eye catching imprint of an artist and are decorated with diyas, candles and flowers. With the onset of darkness as soon as we all light up the diyas and candles, the whole place comes alive not only with the brightness of the diyas or string of colourful lights all around but also with the energy of the children. Why donation is important for everyone?

To make the world a better place for everyone, we all need to play our part in whatever way we can. Maybe that's through volunteering your time or skills for a cause you care about, or perhaps it's something as simple as being kind to strangers you meet in your day-to-day life. But you can also help make a difference by donating what you can to charity too. You might be thinking, why donate to donate? While we like to believe we can make a difference on our own, sometimes we can do more together. The way donation are structured lets them use money raised to directly help people who need it on a larger scale than we can as individuals. And if you have any concerns about how money you donate is used, you can always look at a donation's annual report to get reassurance that donations made to the donation are actively helping their beneficiaries.

Celebrate Children's Day with NGO's children	2023-09-14	2023-09-14	Gujarat State Balkanji Bari,Near Session Court,Treasury Office Compound, Lal Darwaja, Ahmedabad, Gujarat 380001	Gujarat State Balkanji Bari conducted a sensitisation and awareness programme and at the same time, provided platforms to the children to share their problems as well as their views to resolve different social evils. Besides, these underprivileged and deprived children were also taken on a fun-filled trip. Initially, Gujarat State Balkanji Bari felt that it would not be able to organise the programme due to lack of resources and financial assistance but with some Good Samaritans joining the cause and coming forward to assist the organisation to celebrate the Day, Gujarat State Balkanji Bari could finally implement the ideas. During these five days, hundreds of underprivileged children participated and had a very good time interacting with the guests and participating in cultural activities and other different games.
